## GENERAL DISCLAIMER

This corporate presentation dated April 22, 2025 (the "Presentation") has been prepared by management of Decibel Cannabis Company Inc. (the "Corporation" or "Decibel") and is based on public information. This Presentation does not constitute an offer to sell to any person, or a general offer to the public of, or the general solicitation from the public of offers to subscribe or purchase, any of the securities of the Corporation (the "Securities"). Any unauthorized use of this Presentation is strictly prohibited and is subject to updating, completion, revision, verification and amendment without notice which may result in material changes. The Corporation does not undertake any obligation to correct any inaccuracies which may become apparent or to update the information contained herein or to provide the recipient with access to any additional evaluation material. This Presentation shall neither be deemed an indication of the state of affairs of the Corporation nor constitute an indication that there has been no change in the business affairs of the Corporation since the date hereof or since the dates as of which information is given in this Presentation. This Presentation is not intended to provide financial, tax, legal or accounting advice and does not purport to contain all the information that a prospective investor may require. Each prospective investor should perform and rely on its own investigation and analysis of the Corporation, including the merits and risks involved, and are advised to seek their own professional advice on the legal, financial and taxation consequences of making an investment in the Corporation. The Securities are highly speculative. No securities commission or similar regulatory authority in Canada has reviewed or in any way passed upon this Presentation, and any representation to the contrary is an offence.

The information contained in this Presentation does not purport to be all inclusive or to contain all information that prospective investors may require. Prospective investors are encouraged to conduct their own analysis and reviews of the Corporation and of the information contained in this Presentation. Without limitation, prospective investors should consider the advice of their financial, legal, accounting, tax and other advisors and such other factors they consider appropriate in investigating and analyzing the Corporation. The Corporation has not authorized anyone to provide investors with additional or different information. If anyone provides an investor with additional or different or inconsistent information the investor should not rely on it.

## MARKET, INDEPENDENT THIRD PARTY AND INDUSTRY DATA

Certain information contained herein includes market and industry data that has been obtained from or is based upon estimates derived from third party sources, including industry publications, reports and websites. Third party sources generally state that the information contained therein has been obtained from sources believed to be reliable, but there is no assurance or guarantee as to the accuracy or completeness of included data. Although the data is believed to be reliable, neither the Corporation nor their agents have independently verified the accuracy, currency or completeness of any of the information from third party sources referred to in this Presentation or ascertained from the underlying economic assumptions relied upon by such sources. The Corporation and their agents hereby disclaim any responsibility or liability whatsoever in respect of any third-party sources of market and industry data or information.

## CAUTIONARY NOTE REGARDING FORWARD LOOKING INFORMATION

This Presentation contains "forward-looking information" and "forward-looking statements" (collectively, "forward-looking statements") within the meaning of the applicable Canadian securities legislation. All statements, other than statements of historical fact, are forward-looking statements and are based on expectations, estimates and projections as at the date of this Presentation. Any statement that involves discussions with respect to predictions, expectations, beliefs, plans, projections, objectives, assumptions, future events or performance (often but not always using phrases such as "expects", or "does not expect", "is expected", "anticipates" or "does not anticipate", "plans", "budget", "scheduled", "forecasts", "estimates", "believes" or "intends" or variations of such words and phrases or stating that certain actions, events or results "may" or "could", "would", "might" or "will" be taken to occur or be achieved) are not statements of historical fact and may be forward-looking statements.

In this Presentation, forward-looking statements relate to, among other things, Decibel's value creation plan, the purchase of AgMedica Bioscience Inc. ("AgMedica") accelerating Decibel's international footprint; the anticipated additional flower production volume and total exportable flower production volume; the Corporation growing in extract products; the ability to use Thunderchild to supply international markets; the ability to improve AgMedica's production yields following the acquisition; ability to optimize production and automation to grow profit post acquisition; anticipated 2024 and 2025 year to date results of AgMedica; the ability of the Corporation to extend its products and brand to the rest of the world; AgMedica's ability to contribute free cash flow generation to the Corporation; and the anticipated accretive aspects of the acquisition of AgMedica. There can be no assurance that such statements will prove to be accurate, as actual results and future events could differ materially from those anticipated in such statements. Accordingly, readers should not place undue reliance on the forward-looking statements and information contained in this news release. Except as required by law, the Corporation assumes no obligation to update the forward-looking statements of beliefs, opinions, projections, or other factors, should they change.

Forward-looking statements and FOFI (as defined herein) are necessarily based upon a number of estimates and assumptions that, while considered reasonable, are subject to known and unknown risks, uncertainties, and other factors which may cause the actual results and future events to differ materially from those expressed or implied by such forward-looking statements and FOFI. Such factors include, but are not limited to: risks related to the anticipated benefits of the acquisition of AgMedica and the ability of the Corporation to realize such anticipated benefits; risks relating to delays, regulatory changes and impacts, capital requirements, construction impacts, supply chain disruptions, the occurrence of plant pestilence, the ability to obtain and maintain licences to retail cannabis products; review of the Corporation's production facilities by Health Canada and maintenance of licences (including any amendments thereto) from Health Canada in respect thereof; future legislative and regulatory developments involving cannabis; maintaining all international certifications, re-certifications, audits, and any other potential risks related to the maintenance and continued use of its internationally required licenses; inability to access sufficient capital from internal and external sources, and/or inability to access sufficient capital on favourable terms; the labour market generally and the ability to access, hire and retain employees; general business, economic, competitive, political and social uncertainties; the satisfaction of conditions precedent under the Corporation's credit facilities; timing and completion of construction and expansion of the Corporation's production facilities and retail locations; and the delay or failure to receive board, regulatory or other approvals, including any approvals of the TSXV, as applicable, for any matters in relation to the Corporation's ongoing operations. Many of these risks and uncertainties and additional risk factors are described in the Corporation's management's discussion and analysis for the three and six months ended June 30, 2024 and 2023 or December 31, 2024, which are available under the Corporation's profile at [www.sedarplus.ca](http://www.sedarplus.ca).

With respect to forward-looking statements and FOFI contained in this news release, Decibel has made assumptions regarding, but not limited to: the anticipated benefits of the acquisition of AgMedica; the anticipated synergies upon closing the purchase of AgMedica; growth of the brand and recognition in Canada will lead to growth internationally; demand for Decibel's products; streamlining of operations and a transition towards automation will improve Decibel's balance sheet; Decibel's ability to enter new markets and industry verticals; Decibel's ability to attract, develop and retain key personnel; Decibel's ability to raise additional capital and to execute on its expansion plans; the timelines for new product launches; Decibel's ability to continue investing in infrastructure and implement scalable controls, systems and processes to support its growth; the impact of competition; the changes and trends in Decibel's industry, the international cannabis market or the global economy; the Corporation's ability to generate sufficient cash flow from operations and obtain financing, if needed, on acceptable terms or at all; the general economic, financial market, regulatory and political conditions in which the Corporation operates; the ability of the Corporation to ship its products and maintain supply chain stability; consumer interest in the Corporation's products; anticipated and unanticipated costs; government regulation of the Corporation's activities and products; the timely receipt of any required regulatory approvals; the Corporation's ability to conduct operations in a safe, efficient and effective manner; the Corporation's construction plans and timeframe for completion of such plans; and the changes in laws, rules, regulations, and global standards.

Any financial outlook or future oriented financial information (in each case "FOFI") contained in this news release regarding the Corporation's prospective financial position, including, but not limited to the 2025 Pro Form Full Year Expectations, net revenue and EBITDA projections relating to AgMedica's operations, and the information provided under the Capital Strategy heading of this Presentation, is based on reasonable assumptions about future events, including those described above, based on an assessment by management of Corporation of the relevant information that is currently available. The actual results will likely vary from the amounts set forth herein and such variations may be material.

Readers are cautioned that the foregoing list of assumptions and risk factors is not exhaustive. The forward-looking statements and FOFI contained herein are expressly qualified in their entirety by this cautionary statement. The forward-looking statements and FOFI included in this news release are made as of the date hereof and Decibel does not undertake any obligation to publicly update such forward-looking statements and/or FOFI to reflect new information, subsequent events, developments or otherwise unless so required by applicable securities laws.

## PRELIMINARY FINANCIAL INFORMATION

The Corporation's expectations for its 2025 Proforma net revenue, adjusted EBITDA and deployable cash flow results (see "Cautionary Statement Regarding Certain Non-GAAP Measures" below) are based on, among other things, the Corporation's anticipated financial results for the three and nine month periods ended March 30, 2025. The Corporation's anticipated financial results are unaudited and preliminary estimates that: (i) represent the most current information available to management as of the date of this news release; (ii) are subject to completion of interim review procedures that could result in significant changes to the estimated amounts; and (iii) do not present all information necessary for an understanding of the Corporation's financial condition as of, and the Corporation's results of operations for, such periods. The anticipated financial results are subject to the same limitations and risks as discussed under "Forward-Looking Statements" above. Accordingly, the Corporation's anticipated financial results for such periods may change upon the completion and approval of the financial statements for such periods and the changes could be material.

## PRODUCTION ESTIMATES

Thunderchild production capacity estimates are based on Phase I and Phase II total flower bench of 42,000 square feet total (21,000 square feet per phase), 75 grams of flower per yield per square foot per harvest, and 5.2 harvests per annum. Phase I consists of facility floor plate of approximately 80,000 total square feet (total square footage of Phase I & II of ~130,000 sq. ft.). Creston production capacity estimates are based on Phase 1 and Phase 1B total flower bench of 22,900 square feet total (7,560 square feet phase 1), 56 grams of flower per yield per square foot per harvest, and 5.2 harvests per annum. AgMedica production capacity estimates are based on Phase 1 total flower bench of 26,260 square feet total, 45 grams of flower per yield per square foot per harvest, and 5.2 harvests per annum.

## CAUTIONARY STATEMENT REGARDING CERTAIN NON-GAAP MEASURES

This presentation contains certain financial performance measures, namely adjusted EBITDA, adjusted net income and deployable cash flow, that are not recognized or defined under IFRS (termed "Non-GAAP Measures"). As a result, this data may not be comparable to data presented by other licenced producers and cannabis companies. For an explanation of these measures to related comparable financial information presented in the Consolidated Financial Statements prepared in accordance with IFRS, refer to the discussion below. The Corporation believes that these Non-GAAP Measures are useful indicators of operating performance and are specifically used by management to assess the financial and operational performance of the Corporation. Accordingly, these Non-GAAP Measures are intended to provide additional information and should not be considered in isolation or as a substitute for measures of performance prepared in accordance with IFRS.

A Non-GAAP Measure: (a) depicts the historical or expected future financial performance, financial position or cash of the Corporation; (b) with respect to its composition, excludes an amount that is included in, or includes an amount that is excluded from, the composition of the most comparable financial measure presented in the primary consolidated financial statements; (c) is not presented in the primary financial statements of the Corporation; and (d) is not a ratio.

"Adjusted EBITDA" is used in this presentation which is a Non-GAAP financial measure that is intended to provide a proxy for the Corporation's operating cash flow and is widely used by industry analysts to compare Decibel to its competitors and derive expectations of future financial performance of the Corporation. The Corporation calculates Adjusted EBITDA as net loss and comprehensive loss excluding unrealized gain on changes in fair value of biological assets, change in fair value of biological assets realized through inventory sold, depreciation and amortization expense, share-based compensation, other income, finance costs, foreign exchange loss, non-cash production costs and severance payments. Non-cash production costs relate to amortization expense allocations included in production costs. A quantitative reconciliation of Adjusted EBITDA can be found in Exhibit A to this Presentation.

"Adjusted net income" is used in this presentation which is a Non-GAAP financial measure that is intended to provide a proxy for the Corporation's net income and comprehensive income and is used to compare Decibel to its competitors and derive expectations of future financial performance of the Corporation. This measure increases comparability between comparative companies by eliminating variability resulting from differences in management assumptions related to the impact of fair value adjustments on biological assets, which may be volatile on a period to period basis. These measures are not a recognized, defined, or standardized measure under IFRS. The Corporation calculates adjusted net income as net loss and comprehensive loss excluding unrealized gain on changes in fair value of biological assets and change in fair value of biological assets realized through inventory sold. A quantitative reconciliation of Adjusted Net Income can be found in Exhibit A to this Presentation.

"Adjusted Free Cash Flow" is used in this presentation which is a Non-GAAP financial measure that is intended to provide a proxy for the Corporation's available cash flow prior to investments in working capital and capital expenditures. This measure increases visibility on the available funds to which the Corporation will utilize to improve its balance sheet. These measures are not a recognized, defined, or standardized measure under IFRS. The Corporation calculates adjusted free cash flow as cash flow from operations excluding changes in non-cash working capital, less principal and interest repayments. A quantitative reconciliation of Adjusted Free Cash Flow can be found in Exhibit A to this Presentation.

"Debt to EBITDA" is used in this presentation which is a Non-GAAP ratio that is intended to provide information related to the Company's debt leverage and ability to service debt. This ratio is not a recognized, defined, or standardized measure under IFRS. The Corporation calculates debt to equity as total debt divided by Adjusted EBITDA.
